Dear Parent/Guardian:

Corporal punishment at Odessa Christian School shall be administered in the following manner:

1. No child under five years of age will receive corporal punishment.
2. If corporal punishment is deemed necessary, the person administering it will use a paddle, an instrument accepted as appropriate for child discipline.
3. Each incident of corporal punishment will be witnessed by an adult and documented on school records.
4. Texas Sentate Bill 1, 1995 (Texas Education Code) provides the corporal punishment guidelines we follow.

Ideally, we will never have to use corporal punishment, but we know from Biblical example that we must train children to pursue Godly paths and that corporal punishment is sometimes necessary to achieve that goal. (Hebrews 12)
